

Some of the current projects being undertaken by us are:

<p>Process Improvement at Mando Softtech India Pvt. Ltd., Gurgaon, India.</p> 	<p>Mando Softtech India are the Indian R&D centre of Korea based Mando Corporation, one of the largest automobile components manufactures and OEMs to all the big names like Toyota, GM, Hyundai and Mercedes. Current projects include chassis controllers, active safety devices, PCB designing, mechanical components designing, electronic control units and of course complex software development. One of the interesting and state of the art projects being undertaken is LDVD (Lane Detection- vehicle Detection) software for driver- less vehicles. The company is CMMI-Dev, Maturity Level 3 certified and ISO 9001 certified. Unlike so many others, the company insists on improving all its processes on an ongoing basis and linking them to business results. For this reason, no dates have been decided for achieving CMMI Maturity Level 5. This approach is paying in terms of improving business results. Achieving CMMI Maturity Level 5 and ISMS will be incidental in this already matured organization.</p>
<p>Handbooks for Project Managers and Team Members of Headstrong</p> 	<p>Headstrong Inc. is a global IT consultancy delivering domain-led expertise in financial and other verticals. With their Head Office in the USA, They have Global Delivery Centres (GDC) in Noida and Bangalore in India and Manila in Philippines. The software development, customization and consultancy services are provided from these three GDCs and so many other delivery locations worldwide. Headstrong have evolved a unique process assets library being used by all their delivery locations. It is called 'OnePAL'. Quality Mentors are currently designing their Project Managers Handbook and Team Members Handbook based on OnePAL and best practices from CMMI-Dev, various international benchmarking forums and Quality Mentors unique repository having more than 20 GB of reference material on process improvement, ISMS and related subjects. Both the handbooks have dedicated sections on best practices, benchmarks, ISMS, BCP, DRP and associated subjects.</p>
<p>Web Based Trainings for ACI Global, Sydney, Australia.</p>  <p><i>“Quality is contagious”</i></p>	<p>ACI Global is world leader in providing professional, cost effective, competency based trainings based on their e-learning system called “e-Quip”. Trainings provided by them are the ‘clever’ and cost effective alternative to traditional class room trainings. Specialized Training, Examinations and Assessments activities form the core of the business of ACI Global. Quality Mentors and ACI Global are strategic partners. So far following online trainings have been designed and are being offered by QualityMentors through “e-Quip”, the Learning Management System of ACI Global:</p> <ul style="list-style-type: none"> • Quality for Excellence in Project Management (QEPM) • Business Results Through ISO 9001:2008 • Changes in ISO 9001:2008 • Software Quality Measurements for Beginners • Project Management for Beginners <p>Ribhu of Quality Mentors has been designated as the ‘Manager -Cultural Affairs and Professional Development’. He also participates in the Management Reviews of ACI Global.</p> <p>Currently, Quality Mentors are designing a web based ISO 27001:2005 Lead Assessors Course that will be certified by RAB QSA of Australia.</p>

<p>Radiant Sage Ventures, Boston and Hyderabad</p> 	<p>Radiant Sage Ventures LLC. (RSV) is a Boston based organization with their development centre in Hyderabad. RSV develops medical imaging software for very large pharmaceutical companies. Being an USA based organization serving large pharmaceutical multinationals, they follow “21 CFR Part 11” regulations imposed by the US FDA. These regulations include physical security, electronic signatures and info security based controls on the software development teams developing software for pharmaceutical organisations. The company also follows ISO 9001: 2008, ISO 90003: 2004 standards and the best practices from CMMI-Dev, V 1.2. QualityMentors have designed their QMS conforming to 21 CFR part 11 and all these standards/frameworks. Quality Mentors is also actively involved in their process implementation and improvement activities. As a result, the company has been approved by their clients for supply of medical imaging software.</p>
<p>“Successful Project Management with CMMI-Dev, V 1.3” course for CAI University, USA.</p> 	<p>Quality Mentors partner with CAI University for developing web based courses. This course will be offered to Project Managers after being approved by the Project Management Institute of USA. The course provides insights into the project management best practices, including but not limited to metrics based project management, QA & QC, ISMS, and other project management knowledge areas. Ribhu, the author of this course engages with each of the registered candidates using Skype messenger. Certificate of completion is offered to course participants who successfully pass the final, online examination.</p>
<p>Classroom trainings to NTPC Executives.</p> 	<p>The Power Management Institute of the National Thermal Power Corporation Limited (one of the largest electricity providers the world over) use Ribhu’s services for training their Executive Trainees and Senior Managers like the GMs and DGMs running whole various Power Plants. The trainings being conducted by Quality Mentors include a four days module on TQM Concepts, EFQM (European Foundation for Quality Management’s model for business excellence) and Cost of Quality.</p>
